

The Hope Trail is starting to come into fruition! The plans have been drawn, and now all that's left is for some awesome people to help build and provide materials. We have compiled a list of specific materials that are needed to build the different structures.

If you come across any of these materials that you would like to donate or if you would like to help tackle one of these projects, please call Brooke at 303-717-8372 or email at info@guidedhope.org.

GH Hope Trail Supplies

Station Project	#	Size	Material	Purpose
Tunnel	2	8 ft	Railroad ties or utility poles	Base
	4	8 ft	Railroad Ties or Utility Poles	Uprights
